

Dear Peter,

2-6-06

Last summer was the best summer of my life! My favorite part was my improv class. I learned a lot over those 8 days. I also started to eat more green beans and vegetables. My mom bought some soy milk for my family to drink to be healthier. Sorry I wrote so late, but I've been real busy with voice, dance, acro, karate, and swimming. Thank you so much for the experience at the work shop!

Sincerely,

Kyndra Dennis

Thank
You
SO MUCH!!

p.s. I hope you
invite me back again because
I know I could do
better!
