

Dear Pdog the Magnificent

Tizzle

(I hope I got the name right.)

Anyway I'd like to say a few things about the workshop (good things of course) so here goes nothing, the time I spent at the workshop was great! I really improved with all my skills and the food wasn't really all that bad. My favorite parts of the workshop were breakfast, the time you played the piano, and the dance. (By the way you are

one good pianist, Pdog)

My chaperon, caleb, was awesome. But out of everything there, you were the best part. (I may sound like some commercial but it's true)

Sincerely,
Sam
Sardmen

Rick was great too!
